A WYNNING TRIO: THE 2022 PREMIUM RELEASE, 30 YEARS WITH SUE HODDER AND 40 YEARS OF JOHN RIDDOCH CABERNET

2022 is a remarkable year for one of Australia's most remarkable wineries – Wynns Coonawarra Estate. Sue Hodder, Senior Winemaker, celebrates 30 years of maintaining the quality of a range of wines that represent the Coonawarra region – a job she does with great pride. Moreover, the flagship John Riddoch Cabernet Sauvignon heralds 40 years since the first of these outstanding wines was bottled.

Often referred to as the heartbeat of Coonawarra, Wynns Coonawarra Estate produces exceptional wines known for their elegance, richness, intensity, and age-worthiness. Their Cabernets are world-renowned and reminiscent of blackcurrants, cherries, dried mint, and violets - characteristic of the region.

Situated between Melbourne and Adelaide (a five-hour drive from both), Coonawarra is revered for its unique cigar-shaped band of terra rossa (the Italian word for 'red soil') that lies upon limestone bedrock.

A sight to behold - the rich red clay topsoil – resulting from thousands of years of weathering limestone. It's a stomping ground for the quintessential varietal expression of Coonawarra Cabernet.

The influence of the Southern Ocean is present, with the Antarctic breezes rolling over the region, adding to its already cool climate. Their long cool ripening season results in small, plump grapes, vibrant in colour with intense flavour and balanced acidity.

The 2022 Wynns Coonawarra Estate Premium Release is a testament to the care and skill taken to harness this terroir and a celebration of this iconic winery.
