

Fifth Leg

serious about wine

Cabernet Sauvignon Shiraz Merlot

The story behind Fifth Leg goes a little like this... Not far from the Devil's Lair winery in Margaret River there is a legendary cave with the same name. During some archaeological digging the fossilised remains of a Tasmanian tiger were found, together with a mysterious fifth leg (seriously; true story).

Our philosophy is simple: wine is to be enjoyed. We source grapes from a selection of Western Australia's best wine regions to create a range of innovative wines with fresh, vibrant fruit characters.

Winemaker comments – Jarrah Prior

Vintage Region: Western Australia

Maturation: Stainless Steel

Colour: Deep crimson red with purple hues

Nose: Vibrant redcurrant, mulberry and dark cherry aromas dominate. Complementary hints of Asian spice and dried sage and layers and complexity.

Palate: The fruit profile is rich and brooding. Fleshy blackcurrant and plum fruits are intertwined with elegant tannins that ensure the palate is youthful, seamless and soft.
