

## Early Harvest Shiraz

The Lindeman's Early Harvest wines are 25% lighter in alcohol and calories\*, enabling you to enjoy great tasting wine as part of a lighter lifestyle. It's the combination of Lindeman's winemaking heritage and the skills and innovation of the winemaking team that allows Lindeman's to create wines that are thoroughly enjoyable and lighter in alcohol and calories.

Lindeman's Early Harvest wines are crafted from selected parcels of flavour-ripe grapes harvested from early ripening regions in south eastern Australia. The lower sugar levels in fruit that is harvested earlier assists with keeping the alcohol levels lower than other Lindeman's wines. This range has grown from two wines in 2007 to 11 popular varieties including red, white, sweet and sparkling styles.

Lindeman's Early Harvest Shiraz displays aromas of black currants and sweet vanilla with a palate featuring blackcurrant, plum and vanilla flavours.
