CLARE VALLEY DRY RIESLING 2022

Since 1945 Leo Buring has established a reputation as Australia's foremost maker of Riesling. At Leo Buring we only make Riesling. It is the grape variety that encapsulates everything we strive for: purity, elegance, time and place and the structure to age gracefully.

The 2022 Leo Buring Clare Valley Riesling displays pure lemon citrus fruit with underlying minerality, making it a perfect fresh compliment to clean vibrant dishes.

The back label contains the International Riesling Scale - a guide that helps Riesling aficionados determine the style of a particular Riesling.

WINEMAKER COMMENTS Marie Clay

VINTAGE CONDITIONS

Good winter rainfall set up the vines well for the growing season, establishing healthy canopies protecting the Riesling fruit from sun exposure. The lead up to vintage and the ripening period was cool to mild with mostly dry conditions allowing for the fruit to develop vibrant and intense flavours with lovely natural acidity and minimal disease pressure. The harvest period was not as condensed as recent vintage with fruit development gradually reaching its optimum over a two and a half week period.

WINEMAKING

Marie Clay

GRAPE VARIETY

Riesling

VINEYARD REGION

Clare Valley, approx. 65% Polish Hill River & 35% Watervale

COLOUR

Pale with vibrant green hues.

NOSE

Intense and complex with pristine lemon sorbet citrus fruits, regional citrus blossom and mineral notes. Great purity and aromatics.

PALATE

Pure and fresh with clean lemon zest fruit flavour and white blossom, supported by mouth-watering mineral slate. Restrained and tightly woven with a core of lively citrus flavours running the length of the palate. Vibrant and salivating acid line drives the palate to a crisp finish. Powerful and flavoursome. Classic Clare Riesling.

MATURATION

This wine was bottled immediately after blending to retain fruit freshness.
