

## BRAND STORY

Wineries tend to hate wild pigs— they break through fences, root around the vineyards, dine out on our grapes. To that we say: **RIOT ON.**

Could there be a better mascot for people like us, the ones who love wine at all costs regardless of rules and traditions? Those pigs are risk-takers. They're rebels. Hate wild pigs? That's not us. Out here, wild pigs are our kindred spirits.

Run Riot Sauvignon Blanc is sourced from vineyards across Australia. Each vineyard brings a bold addition to the flavour profile of this vibrant wine, giving it an intense palate, filled with flavours of pineapple and citrus.
